

The 10th Meeting of the Japanese Vaccine Adjuvant Research Consortium

Venue : [Senri Life Science Center](#) 5F

January 23, 2017

13:20	Opening remarks : International workshop on nucleic acid-based immunotherapeutics
13:30	Dr. Dennis M. Klinman / The National Cancer Institute (NCI) , USA 「Utility of CpG-based Immunotherapeutics」
14:00	Dr. Daniela Verthelyi / The Food and Drug Administration (FDA), USA 「Preclinical Experience with CpG ODN D35 in the treatment of Cutaneous leishmaniasis : Moving forward」
14:30	Dr. Taiki Aoshi / Research Institute for Microbial Diseases (RIMD), Osaka University 「Modulation of A/D-type CpG ODN aiming for clinical use」
14:50	Coffee break
15:10	Dr. Fumihiko Takeshita / Daiichi Sankyo Co., Ltd. 「TBA」
15:40	Dr. Mayda Gursel / Middle East Technical University (METU), Turkey 「Development of a prototype vaccine against cutaneous Leishmaniasis」
16:10	Dr. Ihsan Gursel / Bilkent University, Turkey 「EXOSOLIGOS: A preventive and therapeutic vaccine adjuvant candidate in immunotherapy」
16:40	Dr. Etsushi Kuroda / Immunology Frontier Research Center (IFReC), Osaka University 「CpG ODN and STING ligand act synergistically to induce Th1 responses」
17:00	Dr. Ken J Ishii / National Institutes of Biomedical Innovation, Health and Nutrition(NIBIOHN) 「TBA」
18:00	After-party

January 24, 2017

9:30	Dr. Ken J Ishii / National Institutes of Biomedical Innovation, Health and Nutrition(NIBIOHN) 「Adjuvant Data Base Project」
Program 1 Towards better adjuvant safety evaluation	
9:50	Dr. Isao Hamaguchi / National Institute of Infectious Diseases(NIID)
10:15	Dr. Hiroshi Yamada / National Institutes of Biomedical Innovation, Health and Nutrition(NIBIOHN)
Program 2 Power of in silico & bioinformatics	
10:40	Dr. Kenji Mizuguchi / National Institutes of Biomedical Innovation, Health and Nutrition(NIBIOHN)
11:05	Dr. Rika Nakahashi / The Institute of Medical Science, the University of Tokyo(IMSUT)
11:30	Dr. Daron M. Standley / Research Institute for Microbial Diseases (RIMD), Osaka University 「Structural analysis of immune repertoires」
11:55	Lunch Break
Program 3 Novel adjuvant discovery and development	
13:00	Dr. Tsukasa Seya / Hokkaido University
13:25	Dr. Kenji Nakanishi / Hyogo College of Medicine
13:50	Dr. Cevayir Coban / Immunology Frontier Research Center (IFReC), Osaka University 「Malarial hemozoin in infection and vaccination」
14:15	Dr. Yasuhiro Yasutomi/National Institutes of Biomedical Innovation, Health and Nutrition(NIBIOHN)
14:40	Poster session / Coffee break
Program 4 New application and redefining conventional adjuvant	
15:40	Dr. Jun Kunisawa / National Institutes of Biomedical Innovation, Health and Nutrition(NIBIOHN)
16:05	Dr. Satoshi Uematsu / Chiba University
16:30	Dr. Sho Yamasaki / Kyushu University
17:00	Closing remarks
